Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

20TH EDITION (1967) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred sixty successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Postal regulations require Zip Codes. To continue receiving these catalogs be sure you send us this Zip Code.

DIMES

985—1798 **SMALL EAGLE, 16 STARS (states)** near Uncirculated, variety with die break above date. **RARE.** In strong demand! The Lester Merkin sa'e specimen (April 1, 1966) described as "Uncirculated or a thin hair's breadth away" realized \$2,000; this choice specimen worth a proportionate price.

986—1798 **OVER 97, 13 STARS REVERSE**, extremely fine as to wear but evidence of eagle being "strengthened". **ONE OF THE RAREST OF ALL THE DIMES!** In fact, not priced in Guidebook due to rarity! Acquired from a 1958 sale where it was compared to the 1894-S dime in rarity, and valued then at \$3000.00. While several additional specimens have since been discovered, they have been in the lower grades. Several leading authorities have expressed opinions as to the total known being only 8 or 10 specimens!

- 987—1801 Golden Uncirculated, tiny nick. Variety with 5 berries and rusted reverse die similar to the Lester Merkin sale (April 1, 1966) specimen. That specimen was "Brilliant, fully frosty gem Uncirculated" and realized \$2,700; this one probably worth half.
- 988—1803 Very fine, some minor abrasions. RARE. Catalogs 450.00
- 989—1803 Fair; date fine and sharp, most of bust and lower stars legible, most of reverse legible. SCARCE. Catalogs 70.00
- 990—1809 BUST LEFT IN CAP, near Uncirculated. Superior to the MERKIN specimen which was "Extremely Fine; small edge test mark" and realized \$240. It was called "Very rare grade for this popular date." Surely this superior one worth close to cata'og price (unc.) of 400.00
- 991—1811 OVER 9, bluish golden Uncirculated, barest trace of friction. RARE. The Merkin uncirculated specimen realized 320.00
- 992—1814 Large Date, period after 10C., "STATEOFAMERICA" one word, acquired as "About Uncirculated" but careful examination leads us to believe that the flattening of the top hair strands and the claws of the eagle may be due to the striking rather than wear. Acquired in 1958 as "According to the director of research of the Standard Catalogue of United States Coins, a RRR type coin, belongs in the cata'og. Only 2 other known, both worn. \$300." Surely this great rarity now worth over 500.00
- 993—1814 Small date, bluish golden Uncirculated, as usual, struck from worn dies. The Merkin specimen was described as "Only one variety of the type. Frosty gem Unc.. Very rare in the upper condition levels, and rarer in all grades than the 1811; possibly the most underrated dime aside from the 1828's and the early S mint coins. None in WGC!" That specimen realized \$500; surely this one worth at least half.
- 994—1820 Large O, Large 10C., BLUNDERED LEGEND WITH SEVERAL LETTERS RECUT OVER OTHERS, Sharply struck Gem with blue patina. Acquired in 1957 at which time it was stated "ONLY ONE OTHER SPECIMEN REPORTED (The Discovery Specimen). Based upon the prices of the Merkin sale of April 1, 1966, we believe this remarkable coin is worth at least 1000.00
- 995—1820 Large O, smaller 10C., resembles the 1820 small o described in the Merkin sale (lot 102) "Iridescently toned prooflike Unc., evidently an early strike from dies which had recently made proofs, but also evidently given only one blow from them, as on regular coins for circulation. Devices, though frosty are unevenly struck up." The Merkin specimen realized 350.00.
- 996—1821 Large Date, virtually Uncirculated, only barest friction, lovely blue and golden patina. Similar condition to the Merkin specimen which realized \$115; surely this one should now exceed 125.00
- 997—1821 Small date, similar condition to above. The exceptionally choice Merkin specimen realized \$675. Merkin states, "Very rare coin, far rarer than the 1809 and one of the most undervalued types in the series." Surely this rarity worth over 150.00
- 998—1824 OVER 22, extremely fine. The uncirculated Merkin coin realized \$280; this one probably worth around half.
- 999—1827 PROOF surface, GEM. A lovely specimen with slight golden color. Have seen a comparable specimen at the recent A.N.A. convention priced 500.00
- 1000—1829 NEW TYPE By Wm. Kneass, Medium 10C., lovely PROOF surface golden GEM, high wire edge both sides, SHARP STRIKE! So choice it was acquired as a full proof. Regardless of whether you call it a "proof" or a "Proof surface gem", it is highly desirable. Have seen a comparable specimen over a year ago at 450.00
- 1001—1829 Small loc., bluish golden Uncirculated. In strong demand for type. We note a Midwestern dealer offering to pay \$90 for Uncirculated specimens of this type. Surely it should realize closer to 150.00
- 1002—1835 High 5, near Uncirculated, tiny nick. 65.00
- 1003—1837 Bust type, perfect dies, last year type, BRILLIANT PROOFLIKE GEM! A most remarkable specimen of this rare date. Missing in the virtually complete set of dimes offered in the Merkin sale of April 1, 1966! Easily worth over 350.00

LESHER REFERENDUM DOLLARS

Listed on page 245 of Guidebook. They were coined by Joseph Lesher in 1900 and 1901 at Victor, Colorado and used in trade in Colorado and Western Nebraska. “All are quite rare, many varieties extremely rare”—Guidebook. We believe this series has an excellent future, both from an historical and value-increase viewpoint.

1666—1900 A. B. Bumstead, with scrolls at side of state seal, view of silver mine at Pikes Peak, 8-sided, “1 Oz. Coin Silver Price 1.25”, virtually Uncirculated, only barest friction. RARE. Catalogs low at	350.00
1667—1900 A. B. Bumstead, no scrolls, near Uncirculated. Rare. Cat. unc.	300.00

1668—1901 New imprint type, “Price \$1.00.”, slightly smaller, “**BOYD PARK, DENVER, COLO.**”, Uncirculated with **PROOFlike** surface. **ONLY 200 STRUCK** compared to 1000 of the above type! Only a small percentage have survived. The guidebook values the “commonest” variety at \$300 with the rarer varieties going to \$1000; surely this rarity (particularly so choice) should realize the higher catalog of\$1,000.00

EARLY HALF DOLLARS

1669—1794 **FLOWING HAIR, 15 STARS (states)** **SMALL EAGLE** Extremely fine and sharp with some luster, slight “mint equalization marks” placed on coin at time of manufacture. One of the choicest specimens to pass thru our hands in quite some time! **VERY RARE.**\$1,750.00

1670—1795 B-2W, Wide Date, Re-Engraved “M” in AMERICA, virtually Uncirculated, only barest friction, sharp strike, prooflike surface. A remarkable specimen of this variety! Acquired as “Condition Census” at \$1500; could now exceed \$2,000.00	
1671—1795 B-5 I, ERROR DIE corrected from STETES to STATES, very good with some portions actually fine. Ordinary varieties catalog \$200 v.g. and \$275 fine; this one worth at least	300.00
1672—1795 DOUBLE (Recut) DATE , very good with some portions fine, “FAITH HOPE CHARITY” lightly engraved on obverse. Only such specimen we can recall seeing! The regular recut date catalogs v.g. \$350 and fine \$500; surely this interesting specimen worth closer to the	500.00

EARLY HALF DOLLARS (Con't.)

1673—1796 16 STARS, HAIR IN KNOT, SMALLER EAGLE, "½" BELOW, extremely fine. AN OUTSTANDING RARITY, PARTICULARLY SO CHOICE! Much rarer than the 1796 15 stars. Acquired in 1963 at\$7,500.00

1674—1797 15 STARS, SMALL EAGLE, "½" BELOW, very fine and sharp. VERY RARE. Popular for "type." Acquired in 1964 at \$3950 when it catalogued \$2000 fine and \$3000 v.f.; now it catalogs \$3500 in only fine, surely this choice very fine specimen worth over\$5,000.00

1675—1801 13 STARS, LARGE HERALDIC EAGLE, extremely fine. RARE. The true rarity of this date in the higher conditions is only now beginning to be appreciated. Trends low at 300.00

1676—1802 Near Uncirculated. RARE. The Uncirculated one in the 1966 A.N.A. convention sale was valued \$2000; surely this one worth at least 750.00

1677—1803 Large 3, 13 arrows reverse, extremely fine with luster. 300.00

1678—1803 Small 3, near Uncirculated. RARE. Seldom offered. Greatly undervalued in keeping with its true rarity. 500.00

1681—1805 Very good. Catalogs 45.00

1682—1805 H-16, Variety with 5 berries, bluish golden Uncirculated, slight rub. Acquired in 1963 as "Very Rare" at 400.00

1683—1806 Pointed top 6, stem thru claw, UNCIRCULATED WITH PROOFLIKE SURFACE. Acquired fairly recently as "Very Rare" at 750.00

1684—1806 Pointed top 6, stem NOT thru claw, golden Uncirculated, barest trace rubbing. Rare. Catalogs 275.00

1685—1806 Round Top 6, SMALL STARS, DOUBLE "T" in LIBERTY, acquired in 1963 as "Uncirculated, softly struck from worn dies, RARE VARIETY" at \$500; we agree that much of what at first glance appears to be wear on the coin is actually wear on the die, the glass also reveals some slight friction.

1686—1806 OVER 9 (inverted 6) UNCIRCULATED SLIGHTLY GOLDEN, usual die break over ED and in eagle's right wing, careful examination with a glass reveals faint trace rubbing. Acquired as "FINEST KNOWN" at \$1000; since we cannot recall ever seeing an equal specimen in our thirty-odd years as professionals, we cannot dispute this statement! Certainly, it is AN OUTSTANDING RARITY IN THIS REMARKABLE CONDITION! From a rarity viewpoint, it appears to be somewhat rarer than the 1802, particularly in the higher states of preservation; certainly rarer than the 1802 in the 1966 A.N.A. convention sale valued at\$2,000.00

1687—1806 Over 5, round top 6, near Uncirculated, usual strike from worn dies. Catalogs too low unc. at 350.00

1688—1806 OVER 5 with 5 clearly under bottom part of 6, B-11b (the above one is the usual offered variety with projection at right top of 6) very fine. AN OUTSTANDING RARITY! Hazeltine states that he only saw one specimen! While 2 or possibly 3 additional specimens are now said to be known, IT IS AN OUTSTANDING RARITY OF A MAJOR VARIETY! SAID TO BE ABOUT THE SAME RARITY AS THE 1817 OVER 14 WHICH BRINGS SEVERAL THOUSAND DOLLARS! This specimen was acquired in 1963 at \$1000.00

1715—1818 Acquired from a leading West Coast dealer as "PROOF, NEEDLE SHARP STARS, SHARP STRIKE WITH RAISED EDGE" in 1959 at \$500; we prefer to use the term "Specimen Strike" rather than "proof" for this early piece. It gives evidence of special care used in making this coin, both in pressure of striking and the proof surface. Probably made for a European coin cabinet or museum as there were very few collectors in the United States at that time.

FRACTIONAL CURRENCY SHIELDS

We quote from Friedberg: "Fractional Currency Shields were made by the Treasury Department in Washington in 1866 and 1867. The outside dimensions of the shield are 20X25" and on the shield are mounted 39 specimens of fractional currency. Each note was printed on one side only, so that obverse and reverse appear as separate notes. The Treasury Department produced these shields for sale to banks so that they might detect counterfeit notes by comparison with the genuine notes on the shield. Complete and intact shields are now much in demand and are available only occasionally."

1995—F-1382 FRACTIONAL CURRENCY SHIELD with gray background but containing the RARE AUTOGRAPHED NOTES OF 15c JEFFRIES-SPINNER F-1276 CATALOGS \$175, AND 50c NOTES OF SPINNER AND JUSTICE WITH JEFFRIES-SPINNER SIGNATURES. Superior to most shields we have seen thru the years. Since the "common" shields in ordinary condition seem to be around \$600 to \$750, surely this one worth closer to	1,000.00
--	----------

1996—F-1383-b, Acquired as PINK BACKGROUND FRACTIONAL CURRENCY SHIELD but close examination leads us to agree with the owner that it has a LIGHT VIOLET BACKGROUND RATHER THAN PINK . The shield has been cut to shape and mounted. Friedberg has " VERY RARE " in place of a price for the Pink Shield altho there was one at the A.N.A. convention at around \$3000; Friedberg does not list a Violet Shield therefore we feel it is EXCEEDINGLY RARE and worth over	\$5,000.00

COLONIAL COINS
MASSACHUSETTS - NEW ENGLAND

2209—OAK TREE 1652 Shilling, Noe 14, spiny tree variety (crosby 7-B), **SHARP STRIKE RATHER WELL-CENTERED**, only slight friction. **VERY RARE SO CHOICE!**1,750.00

2211—OAK TREE 1652 Sixpence, Noe 22, **SHARPLY STRUCK** and **WELL-CENTERED**, extremely fine. A superior specimen of this rarity. Appears to be undervalued in keeping with its true rarity. In fact, it was valued at \$750 when it was acquired in 1964. Easily worth over 1000.00

2212—PINE TREE 1652 Shilling, **LARGE SIZE**, Noe 2, the variety with straight branches to the tree, **UNCIRCULATED, WELL-CENTERED** and **SHARPLY STRUCK**, close examination with a glass reveals only the faintest trace of rubbing. Certainly among the **FINEST KNOWN!** It was acquired as "Uncirculated - Finest Known". 2,250.00
